    Monitor and fix bugs for functions that I have written.

PASTIMES AND ACTIVITIES

- I like reading books, IT blogs like Viblo, Freetuts, W3schools,… learn and update code according to the most optimal trend and know more about old code.
- In my free time I will make some personal project to learn more useful function for future work and improve my skills.

- I often review my code to check if it can be more optimized, shorter code.
- Some extra skills learned from my personal project:
    - Socket io javascript
    - Crawler data from website
    - Recaptcha – Google
    - Smtp gmail (function send mail with javascript)
    - Login with gmail, zalo, facebook
